Every effort has been made to ensure the information contained in this publication is accurate at the date of printing. For the most up-to-date information, please refer to www.shortcourses.rmit.edu.au before booking a course. Published in December 2011.
Whatever your reason for study, RMIT offers a variety of courses to suit your needs. With courses in design, business, engineering, fashion, architecture, communication, art, technology, community services, health and more, RMIT takes a practical attitude to learning.

**WHY RMIT?**

RMIT has a reputation for excellence in work-relevant education and high quality research. RMIT courses are constantly updated to meet the changing needs of business and the broader community, and to provide students with specialised content relevant to professional and personal success in a rapidly-changing world.

Taking a short or single course with RMIT gives you access to:

» Industry experts with a passion for excellence and innovation

» Cutting-edge technology, equipment and facilities

» Current and relevant course content

» Central locations.

**SHORT COURSES**

An RMIT short course offers you the opportunity to quickly enhance your professional skills, increase general knowledge in a chosen area or simply nurture a new talent or hobby. Short courses run throughout the year.

**SINGLE COURSES**

An RMIT single course is a subject from an undergraduate or postgraduate degree program. A single course gives you an opportunity to experience the subject matter before committing to a degree.
An RMIT short course offers you the opportunity to quickly enhance your professional skills, increase general knowledge in a chosen area or simply nurture a new talent or hobby.

RMIT offers short courses in a variety of subject areas including design, business, engineering, fashion, architecture, communication, art, technology, community services, health... the list goes on. The courses are practical and designed to fit within a busy lifestyle, with contents varying from project-based to portfolio development.

The courses run throughout the year and are based in central locations.

For more information and to enrol visit www.shortcourses.rmit.edu.au or call +61 3 9925 8111.

LECTURER PROFILE

ROBIN BLOOD
ARCHITECTURE AND BUILDING

Robin Blood has top qualifications in industrial, furniture and sustainable design. He has worked with blue chip industrial design companies including Diadem, Schiavello, Neopurple and CIDA. He is presently RMIT School of Design’s Commercial CAD Manager, who also teaches with outstanding results and oversees many of our short courses such as AutoCAD, REVIT and SolidWorks.
Architectural Drawing Techniques—Introduction
You will be introduced to standard residential building design and drafting procedures, conventions and documentation practices. You will engage in drawing studio activities to develop an understanding of associated drawings and graphic techniques.

City • $510 • S320078
14.02.12 6–9 pm 8 sessions

AutoCAD Quickstart
This course is a condensed introduction to AutoCAD to produce 2D drawings. The course is delivered through demonstrations and practical exercises. You will gain hands-on experience of AutoCAD through a series of short practical exercises.

City • $395 • S320101
04.02.12 9 am – 5 pm 2 sessions
19.05.12 9 am – 5 pm 2 sessions

AutoCAD for Designers—Level 1
You will be provided with a comprehensive introduction to AutoCAD to produce 2D drawings. The course is delivered in a variety of modes, including theory, demonstrations and practical work. You will gain hands-on experience of AutoCAD through a series of practical exercises.

City/Brunswick • $780 • S320001
08.02.12 9 am – 5 pm 4 sessions
15.02.12 6–9 pm 9 sessions
03.03.12 9 am – 5 pm 4 sessions
15.03.12 9 am – 5 pm 4 sessions
02.05.12 9 am – 5 pm 4 sessions
03.05.12 6–9 pm 9 sessions
06.06.12 6–9 pm 9 sessions
25.06.12 9 am – 5 pm 4 sessions

AutoCAD for Designers—Level 2
Developed for practitioners with existing AutoCAD skills, this course is aimed at refining and developing drawing and drafting productivity techniques. Delivery is through a combination of demonstration and practical exercises.

Brunswick • $780 • S320002
07.05.12 6–9 pm 8 sessions

BCA Part 3.12, 2010
This course provides the knowledge and skills to enable you to understand and use the energy efficiency requirements for residential buildings, following the DTS (deemed to satisfy) provisions of the BCA Part 3.12.

City • $710 • S130235
22.03.12 8.30 am – 5.30 pm 2 sessions
31.05.12 8.30 am – 5.30 pm 2 sessions

BCA Section J—Part J1 to J3 Assessments
This course provides the knowledge and skills to enable you to perform BCA Section J, Part J1 to J3 assessments, for small to medium-sized buildings. You will learn how to do it, not just what to do.

City • $540 • S130234
24.03.12 8 am – 5 pm 1 session
02.06.12 8 am – 5 pm 1 session

Building Thermal Performance Assessment (FirstRate 5)
This course provides the knowledge and skills to enable you to become an accredited thermal performance assessor with BDAV or ABSA. On satisfactory completion of the course, a certificate will be issued for registration.

City • $1200 • S130205
09.02.12 8.30 am – 5.30 pm 4 sessions
08.03.12 8.30 am – 5.30 pm 4 sessions
12.04.12 8.30 am – 5.30 pm 4 sessions
17.05.12 8.30 am – 5.30 pm 4 sessions
21.06.12 8.30 am – 5.30 pm 4 sessions

REVIT—Level 1
You will be introduced to Autodesk REVIT, a powerful building modeller for architectural design and documentation in 3D and 2D. It is delivered through theory, demonstrations and practical work. You will gain hands-on experience using REVIT's modelling and documentation commands.

City/Brunswick • $980 • S320005
09.02.12 6–9 pm 9 sessions
13.02.12 9 am – 5 pm 4 sessions
16.04.12 6–9 pm 9 sessions
04.05.12 9 am – 5 pm 4 sessions
28.06.12 6–9 pm 9 sessions

REVIT—Level 2
You will explore REVIT's advanced productivity tools with an emphasis on families and custom elements. The course is delivered through theory, demonstrations and practical application. You will gain hands-on experience through practical exercises based on Australian conditions.

Brunswick • $980 • S320080
19.04.12 6–9 pm 9 sessions

REVIT—Concept Design and Visualisation
You will explore REVIT's design and visualisation tools for presentation and analysis, create mass elements that can be modified into many shapes, apply walls, roofs and floors to these elements, and learn to create and render perspective views, walkthroughs and solar studies.

Brunswick • $770 • S320163
08.05.12 6–9 pm 7 sessions

Styling Your Home—Introduction
Express your own sense of style by referencing and analysing a range of different interior styles, considering which will work for your environment, budget and taste. You will gain an overview of major aspects of styling, to alter the look of your space without changing the structure.

City • $480 • S320156
24.02.12 9.30 am – 12.30 pm 8 sessions

Drawing Techniques for Design
You will learn tips, tricks and shortcuts from the professionals to create understandable drawings. This could mean new products, improvements, alterations or inventions, spaces, structures or mechanisms.
City • $495 • S320030
01.03.12  5.30–8.30 pm  9 sessions
19.05.12  9.30 am – 4.30 pm  5 sessions

Fascinating Fashion
This course will explore all areas of fashion design—from developing fashion figures to designing garments and accessories. Techniques used include collage, montage, linear work, conte, ink, water colour, pens and pencils.
Brunswick • $475 • S350267
28.02.12  6–9 pm  8 sessions

Calligraphy for Beginners—Unit 1
You will learn to write the major calligraphic styles, common illumination techniques, ways to use calligraphy on cards, wrapping and invitations, and gain confidence with your handwriting.
City • $495 • S320083
20.02.12  6.15–8.45 pm  15 sessions

Calligraphy Advanced Writing—Unit 3
You will cover historic manuscript study, background techniques, versals, and a variety of higher level illumination techniques.
City • $495 • S320085
21.02.12  6.15–8.45 pm  15 sessions

Calligraphy Electives—Unit 4
You will cover toolmaking, lettering variations, bookbinding, gliding and innovative lettering.
City • $495 • S320086
21.02.12  6.15–8.45 pm  15 sessions

Calligraphy—Master Class—Unit 5
You will undertake self-directed project work, learn new techniques (which will vary based on the group expertise), advanced layout and design, how to source inspiration and develop it into a finished piece, and advanced lettering techniques.
City • $495 • S320148
21.02.12  6.15–8.45 pm  15 sessions

Certificate of Calligraphy
Discover the art of western-style calligraphy. Learn how to create beautiful work with the traditional tools of lettering in a small, friendly group. If you ever wanted to be confident enough to produce your own artwork, invitations, certificates, menus or other examples of hand-crafted work on paper this series of courses is for you.

Calligraphy for Beginners—Unit 1
You will learn to write the major calligraphic styles, common illumination techniques, ways to use calligraphy on cards, wrapping and invitations, and gain confidence with your handwriting.
City • $495 • S320083
20.02.12  6.15–8.45 pm  15 sessions

Calligraphy Applied—Unit 2
You will cover business cards/letterhead, Roman capitals, invitations, layout methods and design.
City • $495 • S320084
20.02.12  6.15–8.45 pm  15 sessions

Calligraphy Advanced Writing—Unit 3
You will cover historic manuscript study, background techniques, versals, and a variety of higher level illumination techniques.
City • $495 • S320085
21.02.12  6.15–8.45 pm  15 sessions

City • $495 • S320148
21.02.12  6.15–8.45 pm  15 sessions
The Interior Decoration Design Series is a set of stand-alone study units designed for people employed or wishing to be employed in the retail and commercial area of interior decoration, or those wishing to enhance their personal development or a project. Study units are considered suitable preparation for work in areas of specialist decoration such as soft furnishings, paint and other retail outlets.

### Interior Decoration Design Series—Creative Lighting Applications
You will be introduced to the art of lighting for effect, with flair and style for indoors and out. You will cover the artistic approach to lighting for maximum atmosphere and mood for a variety of situations, and explore lighting for landscaping.

City • $595 • S320125
22.02.12  6–8.30 pm  15 sessions

### Interior Decoration Design Series—Design Fundamentals for Interiors
If you want to learn the underpinning principles for interior decoration and design, this is an excellent course to begin with. You will practice resolving visual and spatial problems by applying design principles and elements in interior settings.

City • $595 • S320126
21.02.12  6–8.30 pm  15 sessions

### Interior Decoration Design Series—Foundation Colour
You will be introduced to the foundation of colour and the basic concepts of colour, through mixing and adjusting colours and applying the principles to an interior design scheme. You will complete a range of painting exercises and projects investigating colour and how it can be used.

City • $595 • S320166
22.02.12  6.30–9 pm  15 sessions

### Interior Decoration Design Series—Soft Furnishings and Client Presentation
You will explore fabric applications for interiors, including selection and specifications, estimating and quoting for applications ranging from drapes and window coverings to sofas and cushions, rugs, wall papers and carpets. You will prepare materials boards for presentation to clients.

City • $595 • S320129
20.02.12  6–9 pm  15 sessions

### Interior Decoration Design Series—Design History 1—Introduction
You will explore major historic periods from classical through to 18th century European, which provide understanding and inspiration for current interior decoration and design ideas by interpreting elements such as pattern, colours and design motifs.

City • $595 • S320127
21.02.12  6–8.30 pm  15 sessions

### Interior Decoration Design Series—Materials and Finishes for Interiors
You will explore the amazing range of interior materials, hard finishes, and fixtures available to interior decorators, including flooring materials, laminates, tiles, timbers, stone, glass and new composite polymers and metals.

City • $595 • S320128
21.02.12  6–8.30 pm  15 sessions

### Drawing Simple Interior Perspectives
You will learn the introductory skills required to draw views, with some rendering techniques to communicate your ideas in interior spaces. You will discover how to draw floor plans and how to represent the placement of furniture, furnishings and selected finishes, and to indicate light direction.

City • $300 • S320158
10.05.12  6–8.30 pm  6 sessions

### Folio Preparation in Textile Design and Development
This seven-week course is designed to give you a comprehensive introduction and understanding of the requirements for entry into the Textile Design and Development TAFE program. The main focus will be on screen-printing.

Brunswick • $475 • S350318
17.03.12  9.30 am – 2 pm  7 sessions

### Folio Preparation in Visual/Fine Art—Intensive
This course is designed to enable you to develop observational skills and application in both drawing and painting.

City • $475 • S340018
16.01.12  9.30 am – 4.30 pm  5 sessions
03.03.12  9.30 am – 4.30 pm  5 sessions
05.05.12  9.30 am – 4.30 pm  5 sessions

### General Drawing
This course is designed to develop observation skills and drawing techniques from a series of still life set-ups.

Brunswick • $395 • S340020
23.04.12  6–9 pm  6 sessions

### Gerber—Grading and Marker Making (CGMM)
This course provides training in computer-aided techniques that are fundamental to the latest Gerber software. You will learn through practical activities, demonstrations and printed learning guides.

Brunswick • $865 • S350282
24.04.12  6–9 pm  14 sessions

### Gerber—Pattern Making (PDS)
This course provides training in computer-aided techniques that are fundamental to the latest Gerber software. You will learn through practical activities, demonstrations and printed learning guides.

Brunswick • $865 • S350247
26.03.12  6–9 pm  14 sessions

### Graphic Design—Design and Layout
You will learn the basics of sound typography and layout with contemporary graphic approaches and apply them to briefs. This may include items such as page layout, business identity stationery and promotional materials, personal logos, newsletters or posters.

Brunswick • $580 • S320132
01.03.12  6–9 pm  15 sessions

### Graphic Design—Type and Image Fundamentals
You will explore the underlying principles and elements that are the foundation of design. You will gain an understanding of the driving principles and apply them to strategies around layout, composition and presentation.

Brunswick • $580 • S320131
21.02.12  6–9 pm  15 sessions
Illustrating and Writing a Children’s Picture Book
This course is a practical project-based course designed to take you through the stages of planning, writing and illustrating for children. You will work on your own idea for a book.

Brunswick • $515 • S320040
09.05.12 6–9 pm 6 sessions

Illustrator—Fundamentals
You will learn the fundamental tools and functions of Adobe Illustrator, the premier graphics creation vector software. Logos, posters, packaging and digital illustrations are all ideal projects for Illustrator. It is also the perfect tool for character design and animation layout.

Brunswick • $565 • S355125
02.05.12 6–9 pm 7 sessions

InDesign—Fundamentals
You will cover the fundamental features of InDesign, and also address some more advanced functions. You will learn how to assemble graphic elements into single or multiple pages for publishing, how to apply type and illustration controls, page make-up and formatting using CS5.

Brunswick • $565 • S355120
15.02.12 6–9 pm 7 sessions
02.05.12 6–9 pm 7 sessions

Interiors—Design and Decoration for Living
You will learn about major aspects of redecorating a home such as decoration, colour and space planning, elements and principles of interior decoration, lighting, soft furnishings, furniture styles, renovation techniques, application of decorative materials, and surface coatings selection.

City • $495 • S320013
23.02.12 6–9 pm 8 sessions
04.05.12 9.30 am – 12.30 pm 8 sessions

Introduction to Photography—Technical and Aesthetic
A practical course explaining the basics of digital SLR camera operation and exploring methods of creating more visually dynamic photographs. An introduction to post production and output to print is also considered.

City • $620 • S345151
02.02.12 6.30–9.30 pm 8 sessions
09.04.12 6.30–9.30 pm 8 sessions
14.06.12 6.30–9.30 pm 8 sessions
26.06.12 6.30–9.30 pm 8 sessions

Lectra—Introduction
This course aims to introduce the basic computer-aided pattern making principles using the Lectra system. This is achieved via demonstrations, practical application and various handouts.

Brunswick • $740 • S350215
03.05.12 6–9 pm 12 sessions

Life Drawing
This course will focus on a series of exercises and instructions in drawing the human form.

City • $395 • S340025
22.03.12 6–9 pm 6 sessions
24.05.12 6–9 pm 6 sessions

Making Footwear by Hand
This course is ideal for people who are interested in the craft of designing and making footwear by hand.

Brunswick • $960 • S350230
31.01.12 6–9 pm 14 sessions

Maya—An Introduction to 3D Creative Design
Maya is an industry standard in film and computer game production. This course serves as an introduction, providing instruction in modelling, texturing, and rendering with Maya 2011.

City • $480 • S345229
15.03.12 6.30–9.30 pm 6 sessions

Passionista—Fashion Painting
This course enables the expression to paint and develop fashion figures, from investigating the colour palette to exploring fashion garments through to a finished stylised painting.

Brunswick • $440 • S350326
16.01.12 9.30 am – 1.30 pm 5 sessions
15.05.12 6–9 pm 8 sessions

Pattern Drafting
This course covers how to draft and fit basic blocks to your own personal measurements. You will develop skills required to draft and fit made-to-measure garments for yourself or clients.

Brunswick • $655 • S350324
08.03.12 6–9 pm 10 sessions

Patternmaking
This course covers basic patternmaking techniques. Participants will develop base style patterns from the provided basic/foundation blocks. Choice of Australian standard sizes 8 to 16 basic/foundation block patterns available.

Brunswick • $655 • S350203
16.01.12 9.30 am – 4.30 pm 5 sessions
06.03.12 6–9 pm 10 sessions

People and Portrait Photography
This course outlines the techniques for photographing people. It includes choice of appropriate equipment, best use of lighting, location selection and technical considerations for formal and environmental portraits.

City • $620 • S345183
30.01.12 6.30–9.30 pm 8 sessions
19.04.12 6.30–9.30 pm 8 sessions

Photography in the Field—Moomba Festival Shoot
Photojournalism is a visual language. Just like stories, there are reasons that some photos are successful and others fall short. Learn how to shoot like a photojournalist, with a location shooting at the Moomba Festival in Melbourne under the guidance of world-renowned photographer, Michael Coyne.

City • $320 • S345282
10.03.12 10 am – 1 pm 3 sessions

Photoshop—Fundamentals
You will be introduced to the fundamental functions and tools of Photoshop, the standard image manipulation tool for electronic publishing. Knowledge of the software is essential to quality publications. You will also look at saving images for web.

Brunswick • $570 • S355123
16.04.12 6–9 pm 7 sessions

Photoshop Introduction—The Fundamental Elements for Digital Photography
In this six-week introductory course you will begin to develop the appropriate use of various tools in Photoshop. Focusing on the needs of photographers you will learn how to manipulate and enhance digital images and reliably produce high quality photographic images.

City • $590 • S345261
21.02.12 6.30–9.30 pm 6 sessions
24.04.12 6.30–9.30 pm 6 sessions

Photoshop Advanced—Specialist Techniques for Digital Photography
You will explore essential methods for adjusting and controlling colour and tonal information within images. Through a heightened attention to colour management, monitor calibration and use of the RAW file format you will learn to take your images to a new level of control and expression.

City • $590 • S345262
19.06.12 6.30–9 pm 6 sessions

Photoshop Lightroom 3 Masterclass—Smart Workflows for Smart Photographers
Would you like to learn how Adobe Photoshop Lightroom could transform your photographic workflow? Do you dream of a file management system so effective that you will never lose an image again? You will learn how Lightroom 3 can transform both the way you work and the quality of images you produce.

City • $280 • S345277
12.04.12 6.30–9 pm 2 sessions
### POP (Point of Purchase) and Retail Display—Introduction
If you are setting out or involved in retail marketing, you will gain great insight into the power of point of purchase displays as a marketing tool for retail. For those already established, this course will broaden your knowledge.

**City • $420 • S320161**
16.04.12 6–9 pm  6 sessions

### Screen Print Your T-shirt
You will learn how to create images for screens, how to prepare and register them, and how to print out film from a digital format printer. Your end product will be a four-colour screen printed T-shirt.

**Brunswick • $350 • S350285**
02.05.12 6–9 pm  6 sessions

### Sewing
In this course you will learn to make your own trendy clothes that suit and actually fit your body. You will learn techniques of top designers. You will also learn how to fit and adjust commercial patterns to your size, so your garments look professionally made.

**Brunswick • $565 • S350234**
07.02.12 6–9 pm  10 sessions  
09.02.12 6–9 pm  10 sessions  
11.02.12 10 am – 1 pm  10 sessions  
08.05.12 6–9 pm  10 sessions  
10.05.12 6–9 pm  10 sessions  
12.05.12 10 am – 1 pm  10 sessions

### Sewing (Summer School)
You will make a series of samples, and you will be shown examples of how to adjust a pattern and create a garment to that particular size.

**Brunswick • $340 • S350252**
18.01.12 10 am – 4.30 pm  3 sessions

### Sewing for Designers
This course will introduce you to a range of basic sewing techniques suitable for a number of applications within and beyond fashion design. Through a series of short projects, you will learn how to cut and sew a variety of materials using industrial sewing machines and hand construction methods.

**City • $450 • S315068**
15.02.12 9.30 am – 4.30 pm  3 sessions  
08.03.12 5.30–8.30 pm  6 sessions

### Styling for Photography
You will be introduced to the styling profession and take a behind-the-scenes look at the tips and tricks and just plain hard work that goes into preparing a product for the perfect shot. Areas covered are food, fashion and interior, and you will complete a hands-on brief with your own props.

**City • $400 • S320154**
09.05.12 6–9 pm  6 sessions

### Travel and Landscape Photography
This eight-week course covers important aspects of travel and landscape photography from equipment selection to methods of photographing a variety of locations, events, people and wildlife. Learning will take place through explanation, demonstration, discussion and practical assignments.

**City • $620 • S345182**
14.02.12 6.30–9.30 pm  8 sessions

### Visual Merchandising—Introduction
You will gain an understanding of the power and scope of visual merchandising in today's world of retailing. You will be provided with an overview of the many aspects of visual merchandising affecting today's traders and retailers.

**City • $430 • S320089**
15.02.12 6–9 pm  8 sessions  
02.05.12 6–9 pm  8 sessions

### Visual Merchandising—Product Presentation
You will learn the fundamentals of visual presentation of a range of product categories. You will be introduced to a variety of hands-on product presentation techniques and merchandising projects. You will produce your own displays and props and be exposed to a range of merchandise for display.

**City • $595 • S320162**
21.02.12 6–9 pm  15 sessions

---

**Digital Printing—Basic Operation**
You will learn how to operate an FX Digital Colour Press 700 and FX-4127 using Free Flow and Digipath 4 software to set up for print. You will be provided with an understanding of the technology and how it works, and be given hands-on practice to confidently manage basic operation of the equipment.

**Brunswick • $520 • S355154**
03.05.12 6–9 pm  4 sessions

**Offset Lithography—Introduction**
You will gain a solid skills base in lithographic printing, covering aspects such as ink setting, plate positioning, printing, problem solving, paper, OHS and terminology.

**Brunswick • $530 • S355152**
08.06.12 6–9 pm  6 sessions

**Print Awareness**
You will be introduced to production procedures from artwork to press in easy-to-understand language. There is hands-on interaction with samples and tools to maximise your involvement and understanding of the processes and equipment commonly used in the printing and pre-press areas.

**Brunswick • $675 • S355038**
13.03.12 9 am – 4 pm  3 sessions  
18.06.12 9 am – 4 pm  3 sessions

---

**MANUFACTURING AND PRINTING**
BAS Agent Registration Skills Set
Are you seeking registration as a BAS agent under the Tax Agent Services Act 2009? Under the current tax ruling, an approved course in GST/BAS taxation principles needs to be completed. This course is a self-paced learning program which meets these requirements. The course consists of two units:

» Carry out business and instalment activity statement tasks

» Establish and maintain a payroll system

One unit $495; Two units $690 • S650205
Distance learning

Corporate Governance—Introduction
This introductory seminar covers the basic statutory requirements to manage small to medium proprietary limited companies, as prescribed by the Corporations Act 2001.

City • $650 • S650209
23.02.12 9 am – 4 pm 1 session
24.05.12 9 am – 4 pm 1 session

Dynamic Websites with PHP and MySQL
This course covers the skills and knowledge required to create dynamic webpages using PHP server-side processing. Participants will learn the basics of the PHP language and how it can be used to create a customised browsing experience for the user.

City • $950 • S650195
14.03.12 5.30-8.30 pm 10 sessions

Build Your Business with the Latest Online Marketing Tools
In a world of increasing online presence, this course has been developed to demystify the jargon and elements of online marketing. Understand the ‘how to’ of developing effective online marketing techniques.

City • $490 • S650187
27.04.12 9 am – 4 pm 1 session

Business Writing for Maximum Impact
This course will help you to improve your business writing skills and improve the effectiveness of your emails and reports. You will learn to write business documents that achieve results and present a professional image.

City • $350 • S345264

CCNA—Security
This course introduces the core security concepts and skills needed for the installation, troubleshooting, and monitoring of network devices to maintain the integrity, confidentiality, and availability of data and devices.
City • $1200 • S130225
22.03.12  5.30–9.30 pm  15 sessions

CCNA1—Cisco Systems Networking Academy Program—Networking Basics
You will understand how to communicate in a network-centric world. You will also gain knowledge and skills to describe the functions of the seven layers of the OSI reference model, describe physical and logical addresses and identify key differences between them.
City • $575 • S130167
11.02.12  8 am – 5 pm  5 sessions
28.02.12  5.30–9.30 pm  10 sessions
29.02.12  5.30–9.30 pm  10 sessions

CCNA2—Cisco Systems Networking Academy Program—Router and Routing Basics
You will examine router elements (RAM, ROM, CDP); describe connection-oriented network service and connectionless network service; control router passwords, configure router identification and banner; check an initial configuration using the setup command; and configure and verify IP addresses.
City • $575 • S130168
17.03.12  8 am – 5 pm  5 sessions
08.05.12  5.30–9.30 pm  10 sessions
16.05.12  5.30–9.30 pm  10 sessions

CCNA3—Cisco Systems Networking Academy Program—Switching Basics
You will learn to describe LAN switching theory and benefits of VLANS, Virtual Trunking Protocol, Spanning Tree Protocol and Level 1 troubleshooting service.
City • $575 • S130169
28.04.12  8 am – 5 pm  5 sessions

CCNA4—Cisco Systems Networking Academy Program—WAN Technologies
You will learn to differentiate between the following WAN services: HDLC, PPP, Frame Relay; working of DHCP, NAT/PAT Technologies; list commands to monitor Frame Relay operation in the router; identify PPP operations to encapsulate WAN data on Cisco routers, and configure Access-lists.
City • $575 • S130170
02.06.12  8 am – 5 pm  5 sessions

CCNP1—Route
You will learn to plan, configure and verify the implementation of secure enterprise LAN and WAN routing solutions using a range of routing protocols. This course also covers configuration of solutions to support branch offices and mobile workers and prepares for the CCNP exam (642-902).
City • $1300 • S130195
21.03.12  5.30–9.30 pm  15 sessions

CCNP2—Switch
You will learn to plan, configure and verify the implementation of complex enterprise switching solutions using Cisco’s Enterprise Architecture. This course also covers secure integration of VLANs, WLANs, voice and video into networks, and prepares for the CCNP exam (642-813).
City • $1300 • S130223
21.03.12  5.30–9.30 pm  15 sessions

CCNP3—TShoot
You will learn to plan and perform regular maintenance on complex enterprise routed and switched networks, and use technology-based practices and a systematic ITIL-component approach to perform network troubleshooting. The course will prepare you for the CCNP exam (642-832).
City • $1300 • S130202
21.03.12  5.30–9.30 pm  15 sessions

Cisco IP Telephony 6.0
This course prepares for the exam CIPT1 6.0 (642-446)—Implementing Cisco Unified Communications IP Telephony Part 1. You will study how to deploy a Cisco Unified Communications Manager to support single site and centralised call processing models.
City • $1000 • S130237
04.06.12  5.30–9.30 pm  10 sessions

CISCO Systems Academy Program—A+ Training (IT Essentials 1)
The IT Essentials: PC Hardware and Software curriculum provides an introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level information and communication technology (ICT) professions.
City • $575 • S130188
22.03.12  5.30–9.30 pm  10 sessions
14.06.12  5.30–9.30 pm  10 sessions

Cisco Systems Networking Academy Program—CVoice v6.0
This course prepares for the exam 642-437 (CVoice v8.0). It focuses on entry-level skills required to implement IP Telephony in a SOHO (Small Office Home Office) environment. You will also be introduced to converged voice and data networks.
City • $1000 • S130224
19.03.12  5.30–9.30 pm  10 sessions

Juniper Certification JNCIA—Junos Training
This course provides 40 hours of instructor-led training to provide you with the foundation knowledge required to work with the Junos operating system and to configure Junos devices. The course provides a brief overview of the Junos device families.
City • $650 • S130245
19.03.12  5.30–9.30 pm  10 sessions

MCITP 1 Training—70-646 Windows Server 2008 Administrator
This course provides 40 hours of instructor-led training to provide you with the required knowledge and skills to plan server deployments, infrastructure services, active directory deployment, application services, file and print services, storage solutions, high availability and more.
City • $750 • S130233
21.03.12  5.30–9.30 pm  10 sessions

MCP Training—Managing and Maintaining a Windows Server 2003 Environment
This course provides 40 hours of instructor-led training to provide you with the required knowledge and skills to manage user accounts and groups, maintain server resources, monitor server performance and data protection and recovery in a Microsoft Windows Server 2003 environment.
City • $600 • S130197
21.03.12  5.30–9.30 pm  10 sessions

Email enquiries@rmit.edu.au or call +61 3 9925 8111
RMIT University and Belden Australia, through its brand Hirschmann, have partnered to offer training and certification in Industrial Ethernet skills.

Hirschmann Certified Training—Industrial Ethernet—CT1
In this industrial Ethernet course you will learn details of the technical fundamentals and deployment objectives of the world’s most widely used LAN communication protocol. At the end of the course you will have a good understanding of Ethernet.
City • $1300 • S130247
16.01.12 8 am – 5 pm 2 sessions
12.06.12 8 am – 5 pm 2 sessions

Hirschmann Certified Training—Industrial Networking—CT2
This course builds on the experience gained from Industrial Ethernet (CT1), providing network experts with intensive theoretical and practical knowledge about TCP/IP, IP communication and multicasting. Emphasis is placed on deploying TCP/IP and multicasting in complex industrial environments.
City • $2000 • S130248
18.01.12 8 am – 5 pm 3 sessions
14.06.12 8 am – 5 pm 3 sessions

Hirschmann Certified Training—Industrial Routing—CT3
This course builds on the experience gained from Industrial Networking (CT2), providing network experts with intensive theoretical and practical knowledge about unicast and multicast routing. Special emphasis is placed on deploying routing protocols in complex industrial environments.
City • $1500 • S130249
23.01.12 8 am – 5 pm 2 sessions
18.06.12 8 am – 5 pm 2 sessions

Hirschmann Certified Training—Rail-family—Theory and Practice—CP1
In a professional environment, you will receive in-depth knowledge about the OpenRail, Open MICE, MACH, and OCTOPUS Layer 2 functionality. This includes installation, commissioning and supervision. Training is part theory and part practice.
City • $2000 • S130250
25.01.12 8 am – 5 pm 3 sessions
20.06.12 8 am – 5 pm 3 sessions

Hirschmann Certified Training—Network Management with Industrial HiVision—CP2
You will learn the functions of Industrial HiVision, and reinforce this knowledge with practical exercises. Following this two-day course, participants can make effective use of Industrial HiVision to supervise and configure any size of Ethernet network.
City • $1500 • S130251
30.01.12 8 am – 5 pm 2 sessions
25.06.12 8 am – 5 pm 2 session

Hirschmann Certified Training—Industrial Backbone Components—Theory and Practice—CP3
In a professional environment, you will receive in-depth knowledge about the MACH and PowerMICE Layer 3 functionality. This includes installation, commissioning and supervision. Training is part theory and part practice.
City • $2000 • S130252
01.02.12 8 am – 5 pm 3 sessions
27.06.12 8 am – 5 pm 3 sessions

MCP—Implement, Manage and Maintain Windows Server 2003 Network Infrastructure
This course provides 40 hours of instructor-led training to provide you with the required knowledge and skills to manage networking infrastructure, including DHCP services, DNS, routing and remote access in a Microsoft Windows Server 2003 environment. This training prepares for MCP exam 70-291.
City • $600 • S130207
06.06.12 5.30–9.30 pm 10 sessions

MCTS Training—70-640 Windows Server 2008 Active Directory, Configuring
This course provides 40 hours of instructor-led training to provide you with the required knowledge and skills to configure and manage user accounts, group as well as computer accounts, implement and manage Active Directory, implementing Group Policy and performing software installation.
City • $750 • S130241
22.03.12 5.30–9.30 pm 10 sessions

MCTS Training—70-642 Network Infrastructure Configuration
This course provides 40 hours of instructor-led training to provide students with the required knowledge and skills to install Windows Server 2008, configure and manage DHCP server and DNS server, configure routing and remote access and file services.
City • $750 • S130242
07.06.12 5.30–9.30 pm 10 sessions

QoS
This course prepares for the QoS exam. You will study the Implementing Cisco Quality of Service QoS v2.3 course, including topics on IP QoS, classification and marking mechanisms, queuing mechanisms, traffic shaping and policing mechanisms and more.
City • $1000 • S130238
19.03.12 5.30–9.30 pm 10 sessions

SCADA—Citect Software in Supervisory Control and Data Acquisition Systems
This course aims to provide you with hands-on knowledge of SCADA systems and their applications. Emphasis will be placed on relating the course material to real world control situations.
City • $495 • S130176
19.03.12 5.30–9.30 pm 6 sessions
18.06.12 5.30–9.30 pm 6 sessions

Wireless LAN Training
Wireless networks are the culmination of radio frequency (RF) and networking technologies. The study of wireless networking will bring together these two fascinating worlds of technology, particularly all facets of 802.11 technologies. The course places emphasis on Wireless LAN set up.
City • $575 • S130200
13.03.12 5.30–9.30 pm 10 sessions
Address Adult Language, Literacy and Numeracy Skills TAEI5401A
This course raises the awareness of vocational trainers to the language, literacy and numeracy skills (LLN) of their learners. With increasingly diverse learners entering training and the workforce at various points, you will learn to recognise the LLN demands of the material you deliver.

Programmable Logic Control and Automation Short Course 2
This course is designed to provide skills in designing sequential controls for typical industrial systems including peripheral functions (routines), as well as designing programs of combinational nature and integrating the PLC with fluid power drive machinery.

City • $470 • S130055
04.04.12 5.30–9.30 pm 6 sessions
26.04.12 5.30–9.30 pm 6 sessions
19.06.12 5.30–9.30 pm 6 sessions

Programmable Logic Control and Automation Short Course 3
This course is designed to provide skills in designing sequential controls for complex but typical hydraulic and pneumatic control systems with three-position type valves, hydraulic system unloading of offloading, and furthering skills in system diagnostics.

City • $470 • S130056
07.02.12 5.30–9.30 pm 6 sessions
30.05.12 5.30–9.30 pm 6 sessions
14.06.12 5.30–9.30 pm 6 sessions

Programmable Logic Control and Automation Short Course 4
This course is designed to provide skills in creating PLC programs for typical industrial applications with analogue PLC signal input and output, arithmetic function processing and data acquisition (add, subtract, multiply, divide and data handling).

City • $470 • S130057
20.03.12 5.30–9.30 pm 6 sessions

Renewable Energy Grid Connect—Design and Installation
This course combines elements of both the design-only and installation-only renewable energy courses. It is designed to provide licensed electricians with the knowledge and practical skills to install and design photovoltaic power systems that satisfy Clean Energy Council’s (CEC) accreditation.

City • $1650 • S130021
20.02.12 8 am – 5 pm 10 sessions
21.05.12 8 am – 5 pm 10 sessions

Renewable Energy Grid Connect—Installation Only
This program is designed to provide licensed electricians with the knowledge and practical skills to install photovoltaic power systems that satisfy Clean Energy Council’s (CEC) accreditation requirements. The course includes face-to-face delivery and practical tasks.

City • $980 • S130220
20.02.12 8 am – 5 pm 6 sessions
21.05.12 8 am – 5 pm 6 sessions

Restricted Electrical Workers Licence
The Restricted Electrical Licence courses are offered to maintenance and service personnel who wish to sit the P001B theory and practical examination. The program of study meets the requirements of Energy Safe Victoria.

City • $850 • S130090
07.03.12 8 am – 5 pm 7 sessions
05.03.12 5.30–9.30 pm 14 sessions
09.05.12 8 am – 5 pm 7 sessions
07.05.12 5.30–9.30 pm 14 sessions

Satellite TVRO Installation
The aim of this course is to provide personnel in the TV Service Industry with an introduction to Satellite TVRO systems, their operation and installation.

City • $220 • S130060
16.04.12 8 am – 5 pm 1 session
18.06.12 8 am – 5 pm 1 session

SolidWorks—Level 1
You will be introduced to basic 3D modelling, sketching exercises and assemblies using SolidWorks. You will explore the tools for detail drawing, 3D model construction and manipulation of computer generated models.

Brunswick • $935 • S320118
02.05.12 6–9 pm 8 sessions

Structured Cabling Techniques
The aim of this course is to assist and provide cabling personnel experienced in telecommunications cabling, and the holders of an Open Cabling Registration (CPR), with the theoretical knowledge and practical skills to be able to receive an endorsement on their CPR.

City • $460 • S130109
31.03.12 8 am – 5 pm 2 sessions
05.05.12 8 am – 5 pm 2 sessions

TV Antenna Systems Planning, Design and Installation
This course provides personnel in the TV antenna installation industry with the skills and knowledge necessary to design and install small and large TV antenna receiving systems (MAT/CATV).

City • $220 • S130069
23.04.12 8 am – 5 pm 1 session
25.06.12 8 am – 5 pm 1 session

Optical Fibre Cabling Techniques
This course is designed to give you an understanding of the installation of fibre optic cables and provide practical experience in splicing of cables, fitting connectors, testing and basic understanding of systems.

City • $500 • S130042
01.03.12 8 am – 5 pm 2 sessions
26.04.12 8 am – 5 pm 2 sessions
14.06.12 8 am – 5 pm 2 sessions

Optical Fibre Testing and Commissioning
This course will give you an understanding and thorough knowledge of testing fibre optic installations. This course and competence assessment meets the requirements for endorsement on the CPR (ICTT013C—Perform an accurate cable system test).

City • $260 • S130199
03.03.12 8 am – 5 pm 1 session

DENIS MASSENI
MEDIA AND COMMUNICATIONS

After a 20-year corporate career, Denis co-established the Master of Multimedia degree at Monash University becoming Program Director. 2006 saw the creation of two dot com start-ups, NEWMEDIA People Recruitment and sponsor-ed, Australia’s largest web developer in the education space. Currently Denis teaches many of the RMIT PR CPD and Public Relations Certificate short courses, consults to business and government and maintains three company Directorships.
Adobe After Effects 4 Reel—The Advanced Project
This course builds on an understanding of the After Effects work space, allowing you to develop motion graphics from concept to output. You will be required to develop your own motion graphic piece from concept through to finished media.

City • $680 • S345273
25.04.12 6.30–9.30 pm 8 sessions

Art Direction in Action
How should you, the Art Director, create a unique look to support your idea or vision? Whether your idea needs illustration or photography; a big, splashy headline or something demure; maybe a logo? In this one-day intensive you will explore how to use art to support your written communication.

City • $340 • S345283
28.04.12 10 am – 5 pm 1 session

Audio Production—Studio Recording for the Music Industry
You will get involved in setting up mics, tweaking faders, setting eq’s and operating the industry standard high resolution hard disk recording software, Avid Pro Tools. This hands-on course will give you an overview of both the theory and practice of audio production techniques.

City • $620 • S345193
10.03.12 9 am – 5 pm 4 sessions
30.06.12 9 am – 5 pm 4 sessions

Building a Social Media Practice for your Creative Enterprise
Mixing both social media and an entrepreneurial sense, this course will take you beyond merely establishing a social media presence into integrating social media as a working component of your professional practice. Learn the technique of SM while not forgetting why you need it in the first place.

City • $840 • S345279
11.02.12 9.30 am – 4.30 pm 3 sessions

Clear Writing for Effective Communication
In this practical, experiential and interactive course you will: (a) learn and practice the process of clear writing, and (b) develop the associated skills by rewriting case studies into concise, compelling and engaging communication.

City • $550 • S345089
17.03.12 9.30 am – 4.30 pm 2 sessions
16.06.12 9.30 am – 4.30 pm 2 sessions

Comedy Writing
Would you like to learn the skills needed to write stand-up or narrative comedy? Build characters, devise stories and apply principles of comedy writing to make your own stand-up routine, comedy film or sitcom. Taught by Australia’s internationally acclaimed ‘comedy doctor’, Tim Ferguson.

City • $550 • S345253
10.03.12 10 am – 3.30 pm 4 sessions
5.05.12 10 am – 3.30 pm 4 sessions

Copyediting—Introduction
This course introduces the principles, techniques, tips and tricks used in revising and correcting written material. You will learn the fundamentals of copyediting and the application of editing marks to hard copy in a range of practical exercises.

City • $340 • S345096
11.02.12 9.30 am – 4.30 pm 1 session
12.06.12 9.30 am – 4.30 pm 1 session

Copyediting—Advanced
This advanced course offers discussion of the principles and challenges of copyediting, and practical exercises for revising and correcting a range of complex written material to make it suitable for typesetting and publication. It considers the distinct needs of readers, authors and publishers.

City • $340 • S345097
16.06.12 9.30 am – 4.30 pm 1 session

Copywriting in Action
You will collaborate as a team in ‘the process’ of writing complete works of copy. Theory, strategy and creativity are put into practice in workshops generating ideas, articulating them into words, then writing copy according to the Anatomy of Body Copy as demonstrated in the course book.

City • $680 • S345185
07.02.12 6.30–9.30 pm 8 sessions
01.05.12 6.30–9.30 pm 8 sessions

Documentary Video Production—Introduction
Would you like to experience the full process involved in making a television or film documentary? This course will take you through from beginning to end, from pre-production planning and treatment, production with digital video through to post-production non-linear editing using Final Cut Pro.

City • $680 • S345114
29.02.12 6.30–9.30 pm 6 sessions
09.05.12 6.30–9.30 pm 6 sessions

Grammar and Punctuation
This two-day intensive course revises the eight parts of speech, sentence structure and the standard punctuation marks. You will identify and fix common problems in writing and learn the principles of plain English.

City • $580 • S345043

18.06.12 9.30 am – 4.30 pm 10 sessions

iPhone and iPad Game Development with Unity Pro IOS
Would you love to build your own app and put it onto your iPhone, iTouch or iPad? In this 10-session course you will learn how to produce games for the Apple iPhone, iPod Touch, and iPad tablet computer. You will then deploy your app to the hardware using Xcode.

City • $960 • S345266
25.06.12 10 am – 1 pm 10 sessions
### Music Production—Creating Your Own Tracks
You will create music with software synthesizers, samplers, looping and recording, while exploring the world of digital audio editing and instrument and audio processing plug-ins. The emphasis will be on learning sound modification techniques to realise the best results for your project.

## Public Relations Certificate

The Public Relations Certificate offers intensive industry-oriented training to enhance and develop your career opportunities.

### Public Relations Certificate — Media Relations and Social Media

Knowing how to deal with mainstream media creates publicity and promotion for your organisation, while taking advantage of social media can give you the edge over the competition with your targeted audiences.

**City** • **$1445** • **S200109**  
09.05.12 6–9 pm 8 sessions

### Public Relations Certificate — PR Principles and Practices

You will cover basic and emerging trends in public relations practice and learn how to apply underlying communication principles that guide the discipline.

**City** • **$1445** • **S200117**  
03.05.12 6–9 pm 9 sessions

### Public Relations Certificate — PR Writing

You will learn and develop the key writing skills used in public relations. Topics include the basics of good PR writing; grammar, punctuation, style and rules; media releases and kits; feature writing/bios/profiles; speech writing and reports.

**City** • **$1445** • **S200119**  
15.05.12 6–9 pm 8 sessions

### Screenwriting — Introduction

Do you have an idea for a script or screenplay? In this course you will learn cutting-edge principles and practices for developing scripts for film and television. You will build your screenwriting skills with Australia’s internationally acclaimed ‘comedy doctor’, Tim Ferguson.

**City** • **$620** • **S345029**  
28.02.12 6.30–9.30 pm 10 sessions  
03.05.12 6.30–9.30 pm 10 sessions

### Screenwriting 2 — Writing for Australian Television

Do you want to write for television? From coming up with a concept for a show, to creating compelling characters, plotting an episode and getting it written. Run like a writers’ room, in this course you will learn what you need to know about becoming a writer in the Australian television industry.

**City** • **$620** • **S345281**  
28.02.12 6.30–9.30 pm 10 sessions

### Website Design 1 — The Full Overview

In this course you will acquire a solid overview of the skills needed to design and create a website. Exploring concepts beginning with HTML and the use of Dreamweaver you will soon understand the need for a range of software to develop and create a website.

**City** • **$950** • **S345057**  
15.02.12 6.30–9.30 pm 10 sessions  
26.04.12 6.30–9.30 pm 10 sessions

### Website Design 2 — Build Your Website

This course delves deep into how to achieve a multi-page website. Expanding on concepts introduced in Website Design 1 — The Full Overview you will create more focused CSS and JavaScript. Adobe software tools, Dreamweaver, Flash and Photoshop will drive your techniques toward more creative design.

**City** • **$950** • **S345271**  
03.05.12 6.30–9.30 pm 10 sessions

### Writing Creative Fiction — Introduction

Is it time to bring out the writer in you? In this course you will develop an understanding of a range of fiction writing styles. You will be encouraged to develop and apply fiction writing skills of construction and criticism. Emphasis is on development of short story and novel writing. Book early.

**City** • **$720** • **S345162**  
08.02.12 6.30–9.30 pm 12 sessions  
16.05.12 6.30–9.30 pm 12 sessions

### Writing Creative Fiction 2 — Going Further

Would you like to expand your experience in writing fiction? Emphasis is on taking risks, trusting your creative impetus and developing a writing practice. You will be breaking rules and re-constructing work with a refreshed outlook and a deeper understanding of fundamentals.

**City** • **$720** • **S345275**  
08.02.12 6.30–9.30 pm 12 sessions

### Writing for Children

This course will introduce you to the marketplace of children’s writing and focus on writing picture books. You will look at language, pacing, targeting different ages, chapter books and how to prepare and submit manuscripts to a publisher.

**City** • **$475** • **S345256**  
29.02.12 6.30–9.30 pm 6 sessions

### Writing for the Web

Writing for the web is a specialist skill. The web is a highly interactive and non-linear form of media communication which requires a different approach to print media. This course will assist students to produce clear, concise, attractive and well organised web documents for the intended audience.

**City** • **$520** • **S345093**  
28.02.12 6.30–9.30 pm 4 sessions  
21.06.12 9.30 am – 4.30 pm 2 sessions

A DIFFERENT STUDY PATHWAY

Single courses are subjects from a range of degrees, available to students even if you’re not enrolled as a university student. Single course students take the same classes and complete the same assessment tasks as university students.

You might want to undertake a single course if you wish to:

» Gain experience as a university student
» Check if you really like the subject matter before committing to a degree
» Undertake a single course to complement your degree
» Reapply at the next intake—if you enrol and successfully complete a first year single course from an RMIT Degree Program, you might be able to reapply at the next intake and obtain exemptions when in your program.

For more information and to enrol visit www.singlecourses.rmit.edu.au or call +61 3 9925 8111.

STUDENT PROFILE

MIA TAYLOR
MARKETING PRINCIPLES

My first single course was a great way to ease myself back into the world of study. It gave me the opportunity to experience life at university without fully committing to a degree. I thoroughly enjoyed the single course and committed to a degree program the following year. I highly recommend taking this approach to someone considering returning to study.

What are single courses?
Single courses are subjects from degree programs, available to you even if you’re not enrolled as a university student. You take the same classes and complete the same assessment tasks as university students.

Fees
Single course fees are included in the previous pages and are current at time of publication. Australian and New Zealand citizens and Australian permanent residents are eligible for local fees. International fees apply to all other applicants.

What else do I need to know?
» Further information including course descriptions, timetables and prerequisites is available at www.singlecourses.rmit.edu.au

» Some courses have prerequisites. Please ensure you satisfy these prerequisites prior to applying.

» Some courses require approval from RMIT University before your application can be finalised. This step in the application process is handled by RMIT Training and is based on information provided at the time of application.

» International applicants must have a visa valid for the duration of the single course. Enrolling in a single course will not make you eligible for a student visa.

» RMIT International students are not eligible to enrol in single courses offered through RMIT Training Pty Ltd. Please verify your enrolment process with your home school.

» Current local RMIT students must submit written approval from your home school.

» On request supporting documentation must be supplied including:
  » evidence of satisfaction of prerequisites
  » evidence of current visa or residency status

» On completion of a single course, RMIT Training will issue a result statement confirming your achievement.

» Applications will not be processed unless all required information and full payment is provided.

Single course terms and conditions
1. Quotas may apply to offered courses. Applications are processed in order of receipt.
2. All applications are subject to final RMIT University School approval. Applications accepted and confirmed are issued with a tax invoice. Course fees will not be processed for unsuccessful applications.
3. A non-refundable late fee of $50 will apply for each Single Course application received after commencement of semesters 1 & 2 or first class for spring and summer semesters.
4. Enrolment cancellation forms must be submitted prior to the commencement of the third scheduled class to be eligible for a refund. A $100 fee is retained for each cancellation.
5. No refunds will be issued for enrolment cancellations submitted after the third scheduled class.
6. Transfers between Single Courses or semesters and/or deferrals will not be accepted.
7. It is the responsibility of all students to ensure that their home university will grant exemptions for courses undertaken.
8. RMIT reserves the right to cancel a Single Course. In the event of a course cancellation, course fees paid will be refunded in full.
Current course information and individual course flyers are available at www.shortcourses.rmit.edu.au or www.singlecourses.rmit.edu.au

**PAYMENT DETAILS**

☐ Visa

☐ MasterCard

☐ Cheque/Money Order

(payable to RMIT Training Pty Ltd)

Card number

/ / / Expiry date

Cardholder's name

☐ Invoice

(only available on supply of a company purchase order/letter of authority)

Signature

**CITIZENSHIP DETAILS**

☐ Citizen of Australia or New Zealand/Permanent Resident of Australia

(Evidence must be supplied on request)

☐ Temporary Resident Visa/Student Visa

(It is your responsibility to ensure your visa is valid for the course duration. Evidence must be supplied on request)

**RMIT UNIVERSITY STATUS** (only complete if applicable)

☐ RMIT student

☐ RMIT alumni

☐ RMIT staff

Provide your RMIT number for verification

**SATISFACTION OF PREREQUISITES**

☐ I satisfy the criteria required to undertake this single course.

Where prerequisites apply, attach evidence of prerequisite satisfaction or discuss below (evidence must be supplied on request).

Where RMIT approval is required to finalise your single course application, discuss reasons for application below.

**DECLARATION**

I declare that to the best of my knowledge the information supplied in this application and the documentation supporting it is correct and complete. I acknowledge that the provision of incorrect information or documentation relating to my application may result in cancellation of any offer of enrolment by RMIT. I acknowledge that while I am an enrolled single course student, I am subject to the regulations and rules of RMIT and to lawful instruction of the authority of the University. I also acknowledge that successful completion of a single course will allow me to apply to RMIT University for credit towards an RMIT award, conditions may apply. I have read and accepted RMIT Training Pty Ltd’s single course terms and conditions.

Certificate IV in Training and Assessment (TAE40110)—Intensive ............... 12
Certificate of Surface Coatings Technology by e-Learning ......................... 12
Chemistry for Life Sciences ................................................................... 28
Chemistry Laboratory 3 .......................................................................... 28
Chemistry Laboratory 5 .......................................................................... 28
Chemistry of Materials 1 ........................................................................ 28
Chemistry Principles ............................................................................. 28
Chemistry Theory 2A ............................................................................. 28
Chemistry Theory 3A ............................................................................. 28
Chinese Medicine Theory 1 ..................................................................... 30
Cisco IP Telephony 6.0 .......................................................................... 9
CISCO Systems Academy Program—A+ Training (IT Essentials 1) ....... 9
Cisco Systems Networking Academy Program—CVoice v8.0 ........................ 9
Civil Procedure ..................................................................................... 26
Classic Literature in Chinese Medicine ..................................................... 30
Clear Writing for Effective Communication .......................................... 18
Clinical Chinese Medicine 1 ................................................................... 30
Clinical Chinese Medicine 3 ................................................................... 30
Clinical Teaching in Nursing Practice ..................................................... 30
Coaching and Mentoring Practices ........................................................ 26
Coping Techniques .............................................................................. 13
Code of Practice for Safe Electrical Work .......................................... 13
Cognitive Psychology ........................................................................... 30
Comedy Writing ................................................................................... 18
Community Law ................................................................................... 24
Communication Design Entrepreneurship .............................................. 27
Communication Design for Social Change ............................................. 27
Community Nutrition ........................................................................... 28
Community Law ................................................................................... 24
Comparative Criminal Justice Systems ................................................... 26
Comparing Policy .................................................................................. 26
Computerised Accounting Systems ....................................................... 24
Computer Organisation ........................................................................ 29
Computing Theory ................................................................................ 29
Construction Induction Card (CI Card) Course ......................................... 13
Consumer Behaviour ........................................................................... 24
Consumer Resource Management ......................................................... 24
Contemporary Accounting Thought ....................................................... 24
Contemporary Australian Politics ........................................................... 26
Contemporary Criminology .................................................................... 26
Contemporary Local Government ........................................................... 26
Contemporary Management Issues and Business ..................................... 26
Contemporary Social and Political Theory ................................................. 26
Copying—Advanced ............................................................................ 18
Copying—Introduction ......................................................................... 18
Copywriting—Advanced ....................................................................... 18
Corporate Accounting .......................................................................... 24
Corporate and Workplace Wellness ......................................................... 30
Corporate and Workplace Wellness Postgraduate Bridging Course .......... 16
Corporate Finance ................................................................................ 24
Corporate Governance and Financial Strategy ........................................ 24
Corporate Governance—Introduction ..................................................... 7
Corrective Action ................................................................................. 26
Cost Management and Applications ....................................................... 24
Crime and Information Technology ........................................................ 26
Criminal Behaviour Analysis ................................................................. 26

D
Dairy Science and Technology ................................................................. 28
Database Concepts ............................................................................... 29
Database Systems ................................................................................ 29
Data Communication and Net-Centric Computing .................................... 29
Decision Analysis ................................................................................ 31
Design Your Own Vintage Couture Collection ....................................... 2
Desktop Publishing and Business Communication .................................. 24
Desktop Publishing for Office and Business ........................................... 26
Desktop Publishing QuickStart Basics ................................................... 2
Developmental Psychology .................................................................... 30
Development Economics ....................................................................... 24
Differentiation in Western Medicine ....................................................... 30
Differential Equations for Engineers ....................................................... 27
Digital Imaging for Commercial Practice .............................................. 101
Digital Printing—Basic Operation ......................................................... 6
Diploma of Management—Financial Management ................................... 7
Diploma of Management—Project and Risk Management Essentials .......... 7
Diploma of Management—Recruit and Manage Staff ................................. 7
Disability, Access and Equity ................................................................ 30
Disability Case Management ................................................................ 30
Distributed Systems ............................................................................. 29
Documentary Video Production—Introduction ........................................ 18
Document Markup Languages ................................................................. 29
Drawing Elective .................................................................................... 26
Drawing Simple Interior Perspectives ...................................................... 4
Drawing Techniques for Design ............................................................. 3
Dynamic Websites with PHP and MySQL ............................................... 7

E
Econometric Techniques ........................................................................ 24
Economic Analysis for Business ........................................................... 24
Electrical Contractor Registration Course—Part B ................................... 24
Commercial (Mod EA102) .................................................................... 13
Elements of Professional Practice ........................................................... 31
Emission and Waste Management ........................................................ 26
Employment Relations ......................................................................... 25
Energy Medicine .................................................................................. 26
Energy Medicine Postgraduate Bridging Course ....................................... 16
Energy Policy and Management ............................................................. 26
Engineering Mathematics A ................................................................... 51
Engineering Mathematics B ................................................................... 31
Fabric Technology 26
Facilities Management 1 27
Family, Society and the Law 26
Fashion History 3 27
Fashion Technology 3 27
Fashion History 1900—Present Day 3 27
Fashion Styling and Visual Merchandising 26
Financial Accounting 24
Financial Decision Making 24
Financial Econometrics 24
Financial Economics 24
Financial Markets 24
Financial Statement Analysis 24
Flexibility in Teaching and Learning 26
Folio Preparation in Fashion Drawing and Fashion Design 3
Folio Preparation in Fashion Drawing and Fashion Design—Intensive 3
Folio Preparation in Graphic Design—Level 1 3
Folio Preparation in Photography 3
Folio Preparation in Studio Textiles and Design—Intensive 3
Folio Preparation in Textile Design and Development 4
Folio Preparation in Visual/Fine Art—Intensive 4
Food as Medicine 30
Food as Medicine in Practice 16
Food as Medicine Postgraduate Bridging Course 16
Food Manufacturing 28
Food Microbiology 28
Food Processing Technologies 28
Footsteps of the Impressionists—A Study Tour to Paris 27
Foundations of Database Development 24
Foundations of Psychology 30
French Conversation 21
French for Beginners 1 21
French for Beginners 2 21
French for Intermediate 1 21
French for Intermediate 2 21
Fruit, Vegetable and Beverage Technology 28

G
General Drawing 4
Gene Technologies 28
Gene Technologies 1 28
Genetics and Molecular Biology 28
Gerber—Grading and Marker Making (CGMM) 4
Gerber—Pattern Making (PDS) 4
GIS Fundamentals 31
Global Business Issues in Fashion and Textiles 26
Global Marketing 24
Grammar and Punctuation 18
Grammar Fundamentals 12
Graphic Design—Design and Layout 4
Graphical Design Process 27
Graphic Design—Type and Image Fundamentals 4
Greek Conversation 21
Greek for Beginners 21

H
Happiness and Positive Psychology 30
Happiness and Positive Psychology Postgraduate 31
Bridging Course 16
Hazardous Area Wiring for Trade/Trade Technicians 13

I
IELTS Preparation—Academic Reading and Writing 12
IELTS Preparation—General Training Reading and Writing 12
IELTS Preparation—Listening and Speaking 12
Illustrating and Writing a Children’s Picture Book 5
Illustrator—Fundamentals 5
Indonesian for Beginners 21
Industrial Microbiology 28
Industrial Systems and Environment 27
Information Organization in Libraries 24
Information Provision 1 24
Information Systems Risk Management 31
Infrastructure and Property 26
Inspection and Safety Testing of Electrical Equipment 13
Integrated Consumer Research 1 28
Integrated Logistics Support Management 27
Integrating Health and Planning 26
Interactive 3D Graphics and Animation 29
Interior Decoration Design Series—Creative Lighting Applications 4
Interior Decoration Design Series—Design Fundamentals for Interiors 31
Interior Decoration Design Series—Design History 1—Introduction 4
Interior Decoration Design Series—Foundation Colour 4
Interior Decoration Design Series—Materials and Finishes for Interiors 4
Interior Decoration Design Series—Soft Furnishings and Client Presentation 4
Interiors—Design and Decoration for Living 5
International Business 25
International Finance 24
International Marketing 25
International Monetary Economics 25
International NGO’s, Civil Society and Development 26
International Project Planning and Design 26
International Trade 25
Internet for Business 24
Introduction to Biosciences 28
Introduction to Business Information Systems Development 24
Introduction to Cinema Studies 27
Introduction to Computer Systems and Platform Technologies 29
Introduction to Criminal Justice 26
Introduction to Disability 30
Introduction to Disability (Education) 30
Introduction to Financial Accounting 24
Introduction to Graphic Design 27
Introduction to Information Technology 29
Introduction to Management 25
Introduction to Photography—Technical and Aesthetic 5
Introduction to Programming 29
Introduction to Project Management 27

Introduction to Recent Philosophy—Modernism/Postmodernism 27
Introduction to Statistical Computing 31
Introduction to Technology and Innovation 17
Introduction to Systems Engineering 27
Introduction to the Food Industry 28
Introductory Accounting 24
Introductory Mathematics 25
iPhone and iPad Apps Creation for Absolute Beginners 18
iPhone and iPad Game Development with Unity Pro iOS 18
Issues in International Business 25
IT Project Management 24

J
Japanese—Advanced Conversation 21
Japanese for Beginners 1 21
Java for C Programmers 29
Java for Programmers 29
Juniper Certification JNCIA—Junos Training 9
Justice and Community Partnerships 26
Justice Management Organisational Theory (Organisational Theory and Practice in Criminal Justice) 27
Justice Management Policy (Public Policy and Cultural Diversity) 27

L
Landscape Architecture Environments 1 25
Landscape Architecture Foundation Design Studio 125
Landscape Architecture Theoretical Frameworks 1 25
Language and Culture 24
Law and Criminal Justice Policy 27
Law of Investments and Financial Markets 24
LEA Assessment—Licensed Electrical Practical (LEP) Assessment Coaching Course 13
LEA Assessment—Licensed Engineers Theory (LET) Assessment Coaching Course 13
LEA Assessment—Safe Working Practice (SWP) for Electricians Coaching Course 13
Leadership in Human Services 30
Leading and Managing Change 26
Leading for Change 25
Lectra—Introduction 9
Legal Aspects of Company Finance 24
Legislation and Rehabilitation 28
Life Drawing 5
Lift Mechanics Cabling Provider Rule (CPR) 13
Linear Algebra and Vector Calculus 24
Lipids in Food Science 28
Lithography—Drawing to Print 26
Logistics Engineering and Systems 27
Logistics—Modern Metrics for the Supply Chain Professional 8

M
Macroeconomics 1 25
Macroeconomics 2 25
Making Footwear by Hand 5
Management Accounting and Business 24
Management Accounting Systems 24
Management and Cost Accounting 24
Management of Computing Resources 24
Management of Design 27
Management of Intellectual Assets 28
Management of Technology 27
Managing Contemporary Planning Issues 27
Managing Human Performance 25
Managing Project Teams 27
Marine Biology 28
Marketing, Advertising and PR—How to Integrate Digital/Social Media into an Advertising Campaign 8
Marketing Communication 25
Marketing Communication Strategy 25
Marketing Management 25
Marketing Principles 25
Marketing Research 25
Market Research 25
Materials and Thermal Physics 28
Mathematical Computing 31
Mathematical Modelling 31
Mathematics and Statistics 31

Current course information and individual course flyers are available at www.singlecourses.rmit.edu.au or www.singlecourses.mit.edu.au
INDEX

Mathematics and Statistics for Aerospace, Mechanical and Manufacturing Engineering 31
Mathematics for Computing 31
Mathematics for Engineers 31
Mathematics for Surveying and Geomatics A 31
Mathematics for Surveying and Geomatics B 31
Maya—An Introduction to 3D Creative Design 5
MCITP 1 Training—70-646 Windows Server 2008 Administrator 9
MCP—Implement, Manage and Maintain Windows Server 2003 Environment 10
MCP Training—Managing and Maintaining a Windows Server 2003 Environment 9
MCTS Training—70-640 Windows Server 2008 Active Directory, Configuring 10
MCTS Training—70-642 Network Infrastructure Configuration 10
Medical Microbiology 1 28
Medical Mycology 28
Microbiology 28
Microbiology 1 28
Mindbody Wellness 30
Mindbody Wellness Postgraduate Bridging Course 16
Minor Research Project 27
Minor Thesis 27
Mobile Application Development 29
Modern Asia 27
Modern Australian Society 27
Modern Physics 28
Molecular Gastronomy 28
Money Markets and Fixed Income Securities 25
Music Production—Creating Your Own Tracks 19
MYOB Complete Package 8

N
Nanotechnology Practice 28
Negotiation and Advocacy Skills 25
Nursing Inquiry and Critique 30
Nutrition 2 28

O
Occupational Hygiene 2 29
Offset Lithography—Introduction 6
OH&S 1 Day Refresher Program for Health and Safety Representatives, Managers and Supervisors 11
OH&S Design and Strategy 29
OH&S Hazards and Control 2 29
OH&S Initial 5 Day Course for Health and Safety Representatives, Managers and Supervisors 11
OH&S Management Systems and Standards 29
Open CPR for Electricians and Telecommunication Cablers 14
Optical Fibre Cabling Techniques 14
Optical Fibre Testing and Commissioning 14
Optics and Radiation Physics 29
Organisational Behaviour 25
Orientation to Teaching 26
Origins and Development of Urban Planning 27

P
Painting Elective 26
Passionista—Fashion Painting 5
Pattern Drafting 5
Patternmaking 5
People and Portrait Photography 5
Permaculture and Sustainable Living 30
Permaculture and Sustainable Living Postgraduate Bridging Course 16
Personal Wellness Management 25
Philosophy and Happiness 27
Philosophy and Methodology of Psychology 30
Photography for the Technologists 29
Photography in the Field—Moorabbin Festival Shoot 5
Photoshop Advanced—Specialist Techniques for Digital Photography 5
Photoshop—Fundamentals 5
Photoshop Lightroom 3 Masterclass—Smart Workflows for Smart Photographers 5
Physics 1 25
Physics for Leaders 29
Pitching for Film and TV 19
Planning for Community Development 27
Planning, Property and Economics 27
Planning—Statutory and Environmental 27
Plant Cell and Tissue Culture 29
Plant Structure and Function 29
Police Administration 27
Policy Making Process 27
Policy Practice (Environment and Planning) 27
Politics, Economies, Businesses 27
POP (Point of Purchase) and Retail Display—Introduction 6
Positive Behaviour Support 30
PR, Advertising and Marketing—Effective Communications for PR, Advertising and Marketing Leaders 8
PR Campaigns—Creating Effective Campaigns with Social Media—Level 1 19
PR CPD—Event Management—Level 1 19
PR CPD—Event Management—Level 2 19
PR CPD—Issues and Crisis Management—Level 1 19
PR CPD—Media Release and PR Writing 19
PR CPD—Social Media—Creating a Media Mix That Works!—Level 2 19
PR CPD—Strategy Planning—Level 1 19
PR CPD—Strategy Planning—Level 2 19
PR CPD—Winning Hearts and Minds—Speech Writing 19
Prices and Markets 25
Price Theory 25
Principles of Evidence B 27
Principles of Human Biology 31
Principles of Psychology 30
Print Awareness 6
Probability and Statistics 31
Product Development 29
Product Innovation and Management 25
Production Lighting for Live Events 29
Professional Certificates in Criminal Justice 17
Professional Certificates in Criminal Justice—Information Session 17
Professional Ethics and Conduct 27
Professional Issues and Project 30
Programmable Logic Control and Automation Short Course 1 14
Programmable Logic Control and Automation Short Course 2 14
Programmable Logic Control and Automation Short Course 3 14
Programmable Logic Control and Automation Short Course 4 14
Programming 1 29
Programming 2 29
Programming Fundamentals 29
Programming Techniques 29
Project Management 27
Project Management Techniques 27
Proofoading—Introduction 19
Psychological Assessment and Individual Differences 30
Psychology of Everyday Thinking 30
Public Relations Certificate—Media Relations and Social Media 20
Public Relations Certificate—PR Principles and Practices 20
Public Relations Certificate—PR Writing 20

Q
QoS 10
Quality Management 27
Quality Systems 27
Quantitative Analysis 25
Quantitative Methods for Accounting 25
Quantitative Methods in Finance 25
Quantum and Statistical Physics 29

R
Real and Complex Analysis 31
Records Management and Archive Administration 13
Regression Analysis 31
Remote Sensing 31
Renewable Energy Grid Connect—Design and Installation 14
Renewable Energy Grid Connect—Design Only 14
Renewable Energy Grid Connect—Installation Only 14
Research Methods in Psychology 30
Research Project in Finance 25
Resource Management 1 31
Restrictive Electrical Workers Licence 14
Retailing 25
REVIT—Concept Design and Visualisation 1
REVIT—Level 1 1
RG 148 Financial Compliance 8
Risk Management 29

S
Sales Diagnostic Relationships—The New Strategic Selling Methodology 8
Sales Strategy and Communication Skills 25
Sampling and Quality Control 31
Satellite TV Installation 25
SCADA—Citect Software in Supervisory Control and Data Acquisition Systems 10
Scientific Computing 31
Scientific Skills and Tools 29
Screen Print Your T-shirt 6
Screenwriting 2—Writing for Australian Television 20
Screenwriting—All You Can Eat Weekend 19
Screenwriting—Introduction 20
Scriptwriting—Language Programming 29
Sculpture Elective 26
Secure Electronic Commerce 29
Secure Programming Environments 29
Security Computing and Information Technology 29
Service Quality 25
Services Marketing 25
Sewing 6
Sewing for Designers 6
Sewing (Summer School) 6
Sociology of Law 27
Software Architecture—Design and Implementation 29
Software Engineering Fundamentals 29
Software Engineering—Process and Tools 29
Solar Awareness for Non Electricians 15
Solar Inspection for Electrical Inspectors 15
SolidWorks—Level 1 14
Spanish for Beginners 1 21
Spanish for Beginners 2 21
Spanish for Intermediates 1 21
Spanish for Intermediates 2 21
Spanish for Upper Intermediates 1 21
Spanish for Upper Intermediates 2 21
Spatial Information Science 1 31
Spatial Information Science 2 31
Special Marketing Topic 25
Statistical Analysis 1 31
Statistical Computing 31
Statistical Inference 31
Statistics 31
Stochastic Processes and Applications 31
Strategic Management 25
Strategic Marketing 25
Strategies for Sustainability 27
Structured Cabling Techniques 14
Structured Query Language (SQL) 8
Studying and Providing for Children Birth to Two 26
Styling for Photography 6
Styling Your Home—Introduction 1
Supernannuation and Retirement Planning 1 25
Supervised Clinical Practice 2 30
Supply Chain Management Strategy 24
Surveying 1 31
Sustainability—Society and Environment 27
Sustainable Vehicle Design 27

T
Talking Art—inside the Artists Practice 26
Taxation 1 24
Taxation Law and Practice 24
The Degraded Environment 3A 29
The Entrepreneurial Process 25
The Global Network 24
The Modern Workplace 26
The Natural Environment A 29
Theories of Development 27
Theory of Statistics 31
Time Series Analysis 31
Transfusion Science Workshop—Intermediate 16
Travel and Landscape Photography 6
