Success through training!

RMIT University Dental team is pleased to offer a new series of short courses aimed at enhancing Dental Assistants' knowledge and skills.

Upcoming courses include:

**Construct Models (Course code: S155129)**

This half day course is designed to equip Dental Assistants with the skills and knowledge required to competently construct dental models from patient impressions “in-house” in your dental surgery. In this half day workshop, you’ll be guided through aspects of selection and preparation of appropriate materials and equipment, how to pour impressions and trim and finish models.

**Duration:** Half day  
**Date:** First Wednesday of each month  
first session is conducted 2nd March, 2016  
**Cost:** $200.00 per person.

**Construct Custom Impression Trays (Course code: S155130)**

Dental Assistant professionals of all backgrounds will benefit from this comprehensive overview of how to competently construct custom impression trays in your dental surgery to a clinical standard that is suitable for insertion in the mouth. In this interactive workshop, participants will develop advanced understanding of:

- model preparation,  
- selection and preparation of appropriate materials and equipment, and  
- construction and finishing of custom impression trays.

**Duration:** 1 day  
**Date:** Second Wednesday of each month  
first session is conducted 9th March, 2016  
**Cost:** $225.00 per person.
This course is designed for Dental Assistants who are looking at improving their knowledge and skills required to competently construct bleaching trays. You will be able to competently apply the techniques required to construct bleaching trays, splints and mouth guards “in-house” in your dental surgery using a thermoforming machine to a clinical standard suitable for insertion in the mouth.

**Duration:** 1 day  
**Date:** Third Wednesday of each month  
first session is conducted 16th March, 2016  
**Cost:** $250.00 per person.

**Location**  
All courses are delivered at RMIT dedicated training facilities at The Royal Dental Hospital of Melbourne, located at 720 Swanston Street, Carlton, Victoria.  
Parking is available behind the hospital at the corner of Grattan and Cardigan Streets. For participants using public transport, you can take trams numbered 1, 3, 5, 6, 16, 64 or 72 to the Melbourne University stop.

**How to Enrol**  
Individual participants can apply via [shortcourses.rmit.edu.au](http://shortcourses.rmit.edu.au) and enter the course code.

**Further information**  
For more information about these short courses, please contact Mark Doherty at mark.doherty@rmit.edu.au
